**Re: Unauthorized Disclosure of Information under the Consumer Product Safety Act**

Dear Manufacturer:

The U.S. Consumer Product Safety Commission (CPSC) staff writes to inform you that we recently discovered that nonpublic manufacturer information identifying your company by name along with product model name and/or model number was released in error to the public without following the procedures in 15 U.S.C. § 2055.

The CPSC staff contacted the recipients of the information requesting that they return the information to the agency or destroy the information and certify that destruction. The CPSC informed the recipients that this information cannot be published or further disseminated.

Please respond immediately confirming your receipt of this notice to [manufacturerreply@cpsc.gov](mailto:manufacturerreply@cpsc.gov). If you have any questions please contact Stephen Hanway, Associate Executive Director for the Directorate of Epidemiology, at [shanway@cpsc.gov](mailto:shanway@cpsc.gov) or call him at 301-504-7256.

Sincerely,

/S/  
Harriet Kerwin
